

Not Your Day Job

CURATED BY KYLE JENKINS AND SIMON MEE

An exhibition which celebrates and showcases the dynamic and varied artwork created by Visual Art teachers in Toowoomba and the Darling Downs.

Many of the worlds most celebrated artists are art teachers, encouraging and passing on their artistic knowledge in aiding and developing new young emerging artists.

For many art teachers, their daily life is facilitated through two professional roles, that of giving their creative knowledge to a younger generation of emerging artists (through teaching) and producing and exhibiting their own individual artwork.
