

17th AMS/WMA Symposium on Planned & Inadvertent Weather Modification

Denver/Boulder, CO, April 21-25, 2008

[General Information](#) (PDF)

Sponsorship/Organizers

The 17th Conference on Planned and Inadvertent Weather Modification, cosponsored by the American Meteorological Society and the Weather Modification Association, and organized by the AMS Committee on Planned and Inadvertent Weather Modification, will be held April 21-25, 2008 at the Westin Westminster in Westminster, Colorado (between Boulder and Denver).

[Session 9 Updates on Research and Operational Programs: Summer Precipitation Systems Part III](#)

Chair: William L. Woodley, Woodley Weather Consultants, Littleton, CO

- 9.1 [Multivariad Index DCPIM \(Deep Convection Process Identification Model\) to forecasting and hailstorm clouds seeding operative decision](#)
Raúl. C.ésar Pérez Sr., Universidad Tecnológica Nacional, Mendoza, Argentina
- 8:30 AM 9.1A [Hygroscopic Cloud Seeding Operations In Andhra Pradesh, India during 2005-07](#)
I.V. Murali Krishna, Jawaharlal Nehru Technological Univ., Hyderabad, AP, India
- 9:00 AM 9.2 [Evaluation of Mali, West Africa airborne measurements to access the potential of enhancing precipitation using cloud seeding techniques](#) 
David Delene, Univ. of North Dakota, Grand Forks, ND
- 9:30 AM 9.3 [Precipitation Evaluation of Cloud Seeding Programs in Saudi Arabia and West Africa](#) 
Paul A. Kucera, NCAR, Boulder, CO; and R. Buintjes and P. H. Herzegh
- 10:00 AM 9.4 [Preliminary observations of cloud and precipitation characteristics in the Brisbane, Australia region](#) 
Sarah Tessendorf, NCAR, Boulder, CO; and **R. Buintjes**, J. Wilson, R. Roberts, E. Brandes, P. May, J. Peter, I. Craig, R. Stone, S. Seims, M. Manton, and D. Axisa
