Australian Structural Engineering Conference 2005

Stewart, Mark G; Dockrill, Brad

Abstract: The technical papers included in these proceedings cover a wide range of topics, from structural design and analysis, durability and deterioration to blast and fire. Contributing authors come from both practitioner and academic backgrounds, so there is sure to be a diversity of views on issues facing the structural engineering profession today.

Imprint: Sydney, N.S.W.; Engineers Australia; 2005.

Extent: 1316 p.

ISBN: 1877040371

Publication Type: Conference Paper

Subjects: [Engineering](#); [Engineering \(Other branches\)](#); [Civil engineering](#)

Peer Reviewed: Yes [P](#)

Database: [Engineering Collection](#)

Bridges 1

[Condition Assessment of Sale Swing Bridge Using Dynamic Testing](#)

Haritos, N; Hewitt, M

- [Full Text PDF \(1290kb\)](#)

[Assessment of Half-through Girder Railway Bridges for Elastic Buckling](#)

Vrcelj, Z; Bradford, MA

- [Full Text PDF \(164kb\)](#)

[Stability Analysis of Suspension and Cable-stayed Bridges under Seismic Loads](#)

Duan, M; Bradford, MA

- [Full Text PDF \(160kb\)](#)

[Probability-based Assessment of Bridges - European Experience](#)

Enevoldsen, IB; O'Connor, Alan

- [Full Text PDF \(1018kb\)](#)

[^top](#)

Bridges 2

[Reliable Assessment of Road Bridges Using Dynamic Procedures](#)

Crews, K; Samali, B; Al-dawod, M

- [Full Text PDF \(163kb\)](#)

[The Concept of a Seamless Concrete Pavement and Bridge Deck](#)

Bridge, R; Griffiths, S; Bowmaker, G

- [Full Text PDF \(152kb\)](#)

[Theoretical and Experimental Studies on Assessment of Bridges Using Simple Dynamic Procedures](#)

Li, J; Samali, B; Crews, K; Choi, FC; Shetha, R

- [Full Text PDF \(213kb\)](#)

[Innovative Strengthening Technique Using Prestressed Fibre Wraps for Bridge Headstocks](#)

Aravinthan, T; Heldt, T

- [Full Text PDF \(608kb\)](#)

[Evaluation of Adequacy of Japanese Code Specifications on Required Bridge Girder Seating Length](#)

Chow, N; Hao, H
